Leap
Sourcing

LEAP SOURCING

COMPANY PROFILE

Global Textile Sourcing from Pakistan and Bangladesh

ABOUT US

Leap Sourcing, the local partner of Xs One Group, connects global clients with quality textile manufacturing in Pakistan and Bangladesh, combining competitive pricing, reliable quality, swift fulfillment and digital transparency.

WHAT WE OFFER

Merchandising Management

End-to-end order tracking from tech pack to shipment.

Quality Management

Six inspection stages safeguard quality from cutting to packing.

True Inspect

Live inspection reports and real-time visibility over production.

Product Development & Sustainability

Turn briefs into production-ready products with responsible sourcing.

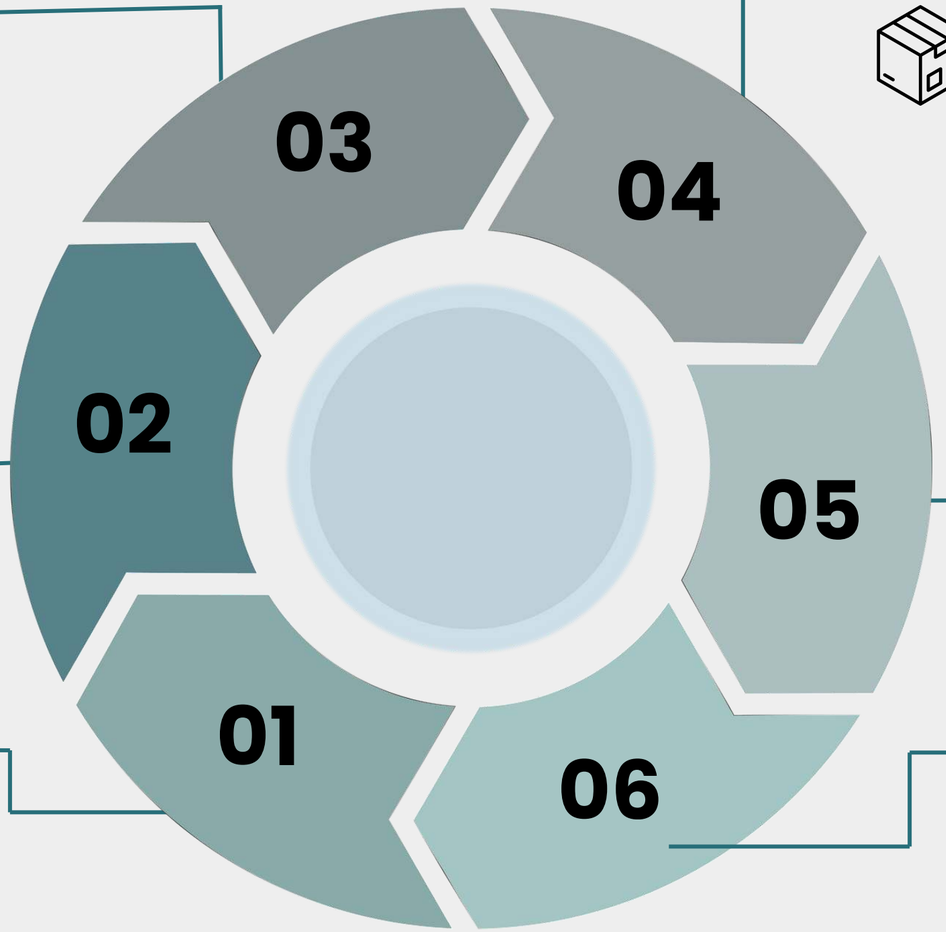

TRUE INSPECT APP

Our QA/QC process, now digital, transparent and in real time.

- **Easy-to-use mobile app for QA inspectors**
- **Web portal to manage QAs, suppliers and merchandisers**
- **Auto-generated inspection reports with AQL calculator**
- **Real-time reporting for increased transparency and trust**

QUALITY STRUCTURE

SEWING/OTHER PROCESSES

- Random check during production process
- Check for styling, printing & finish

CUTTING

- Check patterns for regular or special orders
- Random check for panels
- Perform and check quality during trial runs

FABRICATION

- Check for weight & material quality
- Random checking for quality

PACKAGING

- Random inspection for packing & accessories
- Pre-final visit and inspection before packaging

FINAL INSPECTION

- Final inspection is conducted on randomly sampled cartons, per international standards, once 100% of the goods are ready and packed

DELIVERY

- Random checking during production process
- Proper management of documents

OUR PROCESS

01 Understanding Buyers Requirement

We listen closely, analyze deeply, and develop products around what buyers need.

02 Supplier Selection

We partner only with suppliers who deliver competitive prices, superior quality, and on-time shipments.

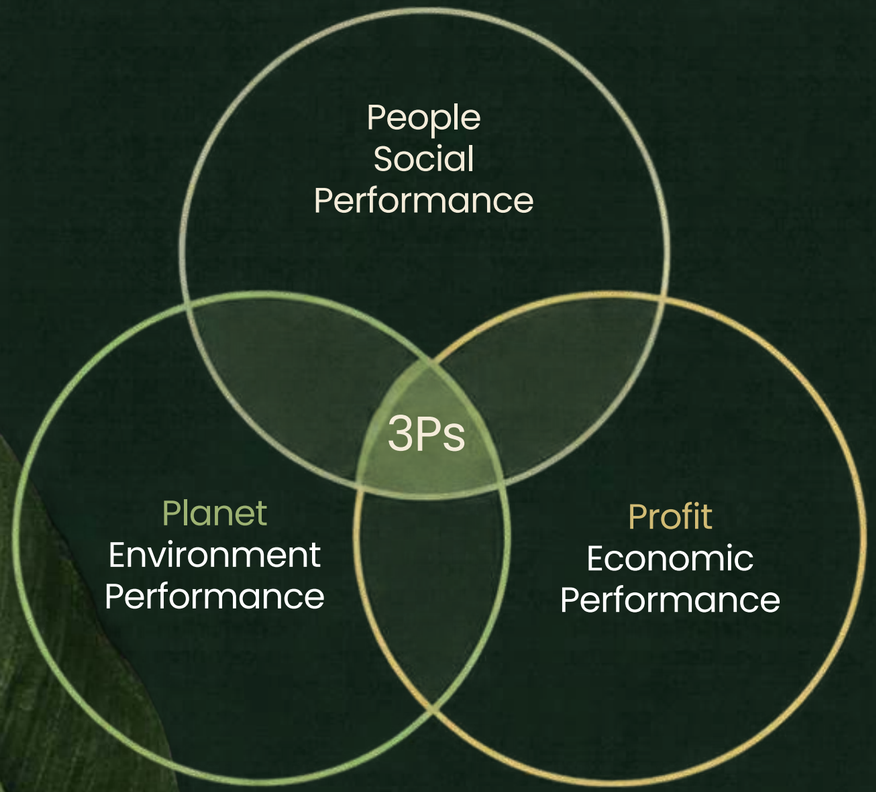

03 Seamless Execution, Real-Time Visibility

From PO to delivery, every order runs smoothly, stays consistent, and stays visible to you in real time.

04 Shipments & Logistic Monitoring

We closely track shipments and logistics to guarantee swift delivery.
